Co-operative Education – transferring from Co-op to Regular only
☐ Approved  ☐ Denied

If you wish to change from Co-op to Regular, approval from Co-operative Education is required.
CECS Comments: __________________________________________________________________________________________
Co-operative Education signature and date: ___________________________ ___________________________

Note: Requests to switch from co-op to regular are only considered for those plans with a regular option (students in mandatory co-op plans would have to change to a plan with a regular system of study). Prior to the mid-point of your sequence (~2B term), approval from your CECS Co-op Advisor is required. Once you have passed the mid-point (~2B) of your sequence, approval from the Associate Dean for Co-op Studies and the CECS Assistant Director for Math is required. For complete withdrawal and fee refund information refer to http://ugradcalendar.uwaterloo.ca/?pageID=276.

Current Academic Plan(s)
What is your current academic plan? (e.g. Honours Mathematics) ____________________________________________
What was your first term of enrolment in the Math Faculty? (e.g. fall 2008) ___________________________
