Professor: David McKinnon  
Office hours: Tuesday 1:00-3:00  
Email: dmckinnon@uwaterloo.ca  
Office: MC 5423

Teaching Assistant: Anton Mosunov  
Email: amosunov@uwaterloo.ca  
Office: MC 5406

The marking scheme for the course will be as follows. Note however that the 
marks may be adjusted at the end of term, so that final marks may be higher 
than the total of the raw scores. Marks will never be adjusted lower.

<table>
<thead>
<tr>
<th>Component</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Homework</td>
<td>20%</td>
</tr>
<tr>
<td>Quizzes</td>
<td>50%</td>
</tr>
<tr>
<td>Final Exam</td>
<td>30%</td>
</tr>
</tbody>
</table>

The required text for the course is *Introductory Algebraic Number Theory*, 
by Şaban Alaca and Kenneth Williams. For details on what topics will be 
covered, please see the detailed course outline.

There will be no makeup quizzes, and late homework will not be accepted. 
If you know in advance that you will miss a quiz, or be unable to complete 
an assignment on time, please come see me beforehand. If you talk to me 
after the fact, I’ll be forced to give you a zero unless it was an unforeseeable 
emergency that kept you away.

Homework assignments will be distributed at least a week in advance.

The course web site is at:

http://www.math.uwaterloo.ca/~dmckinno/pmath441.html

where assignments, solutions, and other information will be posted from time 
to time. There is a LEARN site for this course, but it has no content, and 
contains only a pointer to the website described above.
Academic Integrity: In order to maintain a culture of academic integrity, members of the University of Waterloo community are expected to promote honesty, trust, fairness, respect and responsibility.

[Check www.uwaterloo.ca/academicintegrity/ for more information.]

Grievance: A student who believes that a decision affecting some aspect of his or her university life has been unfair or unreasonable may have grounds for initiating a grievance. Read Policy 70, Student Petitions and Grievances, Section 4, www.adm.uwaterloo.ca/infosec/Policies/policy70.htm. When in doubt please be certain to contact the department’s administrative assistant who will provide further assistance.

Discipline: A student is expected to know what constitutes academic integrity [check www.uwaterloo.ca/academicintegrity/] to avoid committing an academic offence, and to take responsibility for his/her actions. A student who is unsure whether an action constitutes an offence, or who needs help in learning how to avoid offences (e.g., plagiarism, cheating) or about “rules” for group work/collaboration should seek guidance from the course instructor, academic advisor, or the undergraduate Associate Dean. For information on categories of offences and types of penalties, students should refer to Policy 71, Student Discipline, www.adm.uwaterloo.ca/infosec/Policies/policy71.htm. For typical penalties check Guidelines for the Assessment of Penalties, www.adm.uwaterloo.ca/infosec/guidelines/penaltyguidelines.htm.

Appeals: A decision made or penalty imposed under Policy 70 (Student Petitions and Grievances) (other than a petition) or Policy 71 (Student Discipline) may be appealed if there is a ground. A student who believes he/she has a ground for an appeal should refer to Policy 72 (Student Appeals) www.adm.uwaterloo.ca/infosec/Policies/policy72.htm.

Note for Students with Disabilities: The Office for persons with Disabilities (OPD), located in Needles Hall, Room 1132, collaborates with all academic departments to arrange appropriate accommodations for students with disabilities without compromising the academic integrity of the curriculum. If you require academic accommodations to lessen the impact of your disability, please register with the OPD at the beginning of each academic term.
