The Story of Shipwreck Island
Raise your hand if you see someone with blue eyes! *SQUAK*
If you can tell me your eye colour, I will take you off of this island!
If you can tell me your eye colour, I will take you off of this island!
Easy!
My eyes are BLUE!
What if my eyes were NOT blue?
When everyone raised their hands, the others would have known they had blue eyes.
But since neither of them left with the bird, they must not have known their eye colour.
Therefore, my eyes must be blue!
