

How to log in to the WI-FI network (applies to any enabled WI-FI device)

1. In WI-FI settings, from available networks, choose **uw-wifi-setup-no-encryption**

2. UW Network Authentication web page will open and chose: **"Click here if you attending an event"**

Then a page will appear, scroll down to click

"here if you are attending an event". See screenshot.

Next screen:

You should fill ALL fields and type your email address correctly.

Then click on Submit.

Their email acct will receive an email message containing a code for confirmation to access wifi.

NOTICE: this SSID is used for helping you setup eduroam

- To use our wireless network you must connect to the secure network "eduroam"
- A configuration tool is available at <http://cat.eduroam.org>
- Note: your eduroam username is [username@uwaterloo.ca](#) the "@uwaterloo.ca" is required
- Note: your eduroam username is [username@edu.uwaterloo.ca](#) the "@edu.uwaterloo.ca" is required
